Products may be IVD Hardware, IVD Consumables, or IVD Software. IVD Software may be embedded in or installed on IVD Hardware or sold separately. “Purchaser” means the person or entity acquiring the Product hereunder. “Seller” means the entity selling the Product hereunder. The selling entity is identified on the quotation, order acknowledgment or similar communication, or Seller website if the order is being placed electronically at Seller’s website. “Specifications” means Seller’s written specifications for the Product in effect on the date that the Product ships from Seller. “Test Specific Product(s)” means those Products that have a specific intended use set forth in its Documentation (e.g., an in-vitro diagnostic reagent kit whose Documentation includes an intend use statement stating that the product is intended to be used to test for specific nucleic acid sequences, combination of nucleic acid sequences, diseases, or conditions). Sections, titles and headings in these terms and conditions are for convenience only and are not intended to affect the meaning or interpretation hereof. 2. Rights to Products upon Purchase. Subject to these terms and conditions, including without limitation, any terms, conditions, and limitations set forth in the Documentation, Purchaser is granted only a non-exclusive, non-transferable, non-sublicensable perpetual and worldwide right under Seller’s (A) Core IP and Application Specific IP to use Test Specific Products only for the specific intended use set forth in the Test Specific Product’s Documentation; and (B) Core IP to use General Purpose Products only for the specific intended use set forth in the General Purpose Product’s Documentation and for Purchaser’s internal research use (which includes research services provided to third parties), in each of the preceding two contexts, Purchaser may (a) use, copy, distribute, transmit, display, perform, reproduce, adapt, modify, compile, reverse engineer, analyze and deconstruct the Product, (b) develop applications and derivative works that are common to the Product in all applications and fields of use. Application Specific IP and Core IP are separate, non-overlapping, subsets of all intellectual property rights owned or licensed by Seller and Seller’s affiliates, as of the date the Product ships, that pertain to or cover aspects or features of the Product (and use thereof) only with regard to specific fields or specific applications (s). Application Specific IP excludes all Core IP. “Core IP” means the intellectual property rights owned or licensed by Seller and Seller’s affiliates, as of the date the Product ships, that pertain to or cover aspects or features of the Product (and use thereof) that are common to the Product in all applications and all fields of use. Application Specific IP and Core IP are separate, non-overlapping, subsets of all intellectual property rights owned or licensed by Seller and Seller’s affiliates. By way of non-limiting example, Seller and Seller’s affiliates’ intellectual property rights for non-vaasive pre-natal testing, for specific diagnostic methods, for specific forensic methods, and for specific nucleic acid biomarkers, sequences, or combinations of biomarkers or sequences are examples of Application Specific IP.

Purchaser agrees that (i) actual knowledge by Seller, or Seller’s affiliates, that Purchaser is using Product in any manner or for any purpose other than expressly authorized herein does not (A) waive or otherwise limit any rights that Seller, or Seller’s affiliates, may have as a result of such use of the Product, including without limitation, any rights or remedies not available under these terms and conditions, and any rights or remedies available at law, (B) grant Purchaser a licence to any intellectual property rights owned or licensed by Seller or Seller’s affiliates whether by implication, or otherwise with respect to such use of the Product, and (ii) any trade usage, and any course of performance or course of dealing between Seller and Purchaser, will not be used to interpret these terms and conditions.

Subject to the rights conferred hereunder to Purchaser with respect to Test Specific Products, Purchaser is solely responsible for determining whether Purchaser has any intellectual property rights that are necessary for Purchaser’s intended use of the Product, including without limitation, any rights from third parties or rights from Seller or Seller’s affiliates, to Application Specific IP (collectively “Other IP”). Purchaser makes no guarantee or warranty that purchaser’s specific intended uses will not infringe the intellectual property rights of a third party or Application Specific IP of Seller or Seller’s affiliates.

3. Unauthorized Uses of Products. Purchaser agrees: (a) to use each IVD Consumable only one time, and (b) to use only Seller’s consumables/reactants with Seller IVD Hardware. The limitations in (a)-(b) do not apply if the Documentation or Specifications for the Product state otherwise. Purchaser agrees not to, nor authorize any third party to, engage in any of the following activities: (i) to the extent not otherwise permitted by law to disassemble, reverse-engineer, reverse-compile, or reverse-assemble the Product, (ii) to the extent not otherwise permitted by law to separate, extract, or isolate components of the Product or subject the Product or components thereof to any analysis not expressly authorised in the Product’s Documentation, (iii) to the extent not otherwise permitted by law to gain access to or attempt to determine the methods of operation of the Product, or (iv) transfer to a third-party, or grant a sublicense to, any IVD Software or any third-party software. Purchaser further agrees that the contents of and methods of operation of the Product are proprietary to Seller and the Product contains or embodies trade secrets of Seller. The restrictions found in these terms and conditions control the sale of and use of the Products by Purchaser.

4. Regulatory. Purchaser shall obtain and maintain all necessary licences and consents and agrees to comply with all applicable laws and regulations when using, maintaining, and disposing of Product. If the Seller has affixed a CE Mark to the Product, the Seller warrants that it has complied with all applicable laws and regulations when affixing the CE Mark.

5. Limited Liability. To the extent permitted by law, in no event shall Seller or its suppliers be liable to Purchaser or any third party for any indirect, special, incidental, exemplary, consequential, or punitive damages of any kind (including, but not limited to, costs of procurement of substitute products or services, lost profits, data or business) arising out of or in connection with, without limitation, the sale of the Product, its use, Seller’s performance hereunder, whether in contract, tort (including negligence), strict liability or otherwise, shall in no event exceed the amount paid to Seller for the Product.

Without limiting the generality of the foregoing, Seller makes no claim, representation, or warranty of any kind as to the utility of the Product for Purchaser’s intended uses. Nothing in these terms and conditions shall limit liability of a party or its affiliated entities for gross negligence or fraud.

7. Product Warranty. All warranties are personal to the Purchaser and may not be transferred or assigned to a third-party, including an affiliate of Purchaser. All warranties are subject specific and do not transfer if the Product is moved to another facility of Purchaser, unless Purchaser’s intends such move.

a. Warranty for IVD Consumables. Seller warrants that IVD Consumables will conform to their Specifications until the later of (i) 3 months from the date of shipment from Seller, and (ii) any expiration date or the end of the shelf-life pre-printed on such IVD Consumables by Seller, but in no event later than 12 months from the date of shipment.

b. Warranty for IVD Hardware. Seller warrants that IVD Hardware, other than Upgraded Components, will conform to its Specifications for a period of 12 months after its
shipment date from Seller unless the IVD Hardware includes Seller provided installation in which case the warranty period begins on the date of installation or 30 days after the date it was delivered, whichever occurs first ("Base IVD Hardware Warranty"). "Upgraded Components" means Seller provided components, modifications, or enhancements to IVD Hardware that was previously acquired by Purchaser. Seller warrants that Upgraded Components will conform to their Specifications for a period of 90 days from the date the Upgraded Components are received by Purchaser. Upgraded Components do not have an upgrade warranty. All upgrades are non-returnable, non-refundable, and non-transferable. The IVD Hardware unless the upgrade was conducted by Seller at Seller's facilities in which case the upgraded IVD Hardware shipped to Purchaser comes with a Base IVD Hardware Warranty.

c. Exclusions from Warranty Coverage. The foregoing warranties do not apply to the extent a non-conformance is due to (i) abuse, misuse, neglect, negligence, accident, improper handling, installation, maintenance, or repair, or in any manner that is or could have been preventable by Purchaser; (ii) improper storage, or use contrary to the Documentation or Specifications, (iii) improper handling, installation, maintenance, or repair (other than if performed by Seller’s personnel), (iv) unauthorized alterations, (v) force Majeure events, or (vi) use with a third party’s good not provided by Seller (unless the Product’s Documentation or Specifications expressly state such third party’s good is for use with the Product).

Repaired or replaced IVD Consumables come with a 30-day warranty. IVD Hardware may be repaired or replaced with functionally equivalent, condition equivalent, and new IVD Hardware or components (if only a component of IVD Hardware is non-conforming). If the IVD Hardware is replaced in its entirety, the warranty period for the replacement is 90 days from the date of shipment or the remaining period on the original IVD Hardware warranty, whichever ends first. If only a component is being repaired or replaced, the warranty period for such component is 90 days from the date of shipment or the remaining period on the original IVD Hardware warranty, whichever ends later. The preceding states Purchaser’s sole remedy and Seller’s sole obligations under the warranty provided hereunder.

f. Third-Party Goods and Warranty. Seller has no warranty obligations with respect to any goods originating from a third party and supplied to Purchaser hereunder. Third-party goods and services are branded with a third party’s name. The warranty for third party goods, if any, is provided by the original manufacturer. Upon written request Seller will attempt to pass through any such warranty to Purchaser.

8. Indemnification

Subject to these terms and conditions, including without limitation, the Exclusions to Seller’s Indemnification Obligations (Section 8(b) below), the Conditions to Indemnification Obligations (Section 8(d) below), Seller shall (i) defend, indemnify and hold harmless Purchaser against any third-party claim or action alleging that the (A) Test Specific Products when used for the specific intended use set forth in its documentation, and (B) General Purpose Product when used with only a component of IVD Hardware is non-conforming. In the event Seller is required by law or regulation to pay any such tax, duty, tariff or charge, such amount will be added to the purchase price or subsequently invoiced to the Seller. In the event Seller is required by law or regulation to deduct any such tax, duty, tariff or charge the Purchaser shall gross up any payment to the Seller.

b. Exclusions to Seller Indemnification Obligations. Seller has no obligation to defend, indemnify or hold harmless Purchaser for any Seller Indemnification Claim to the extent such infringement arises from: (i) the use of the Product in any manner not in accordance with its Specifications, its Documentation, or the rights expressly granted to Seller in connection with such infringement claim. If the Product or any part thereof, becomes, or is in Seller’s opinion may become, the subject of an infringement claim, Seller shall have the right, at its option, to (A) procure for Purchaser the right to continue using the Product, (B) modify or replace the Product with a substantially equivalent non-infringing substitute, or (C) require the return of the Product and terminate the rights, licence, and any other obligations provided to Purchaser with respect to the Product and refund to Purchaser the depreciated value (as shown in Purchaser’s official records) of the returned Product at the time of such return; provided that, no refund will be given for used- or expired IVD Consumables. This Section states the entire liability of Seller for any infringement of third party intellectual property rights.

9. Payment Terms. The price of the Product will be the price set out in the Seller’s quote, or, if no price is quoted, the price set out in the Seller’s published price list in force as at the date of the purchase order, or pursuant to any purchase order, or in a quotation by Seller and any purchase orders, invoices, or similar documents all of which are hereby rejected and are not used in practice. All other terms and conditions of purchase listed on a quotation, if any, are for reference purposes only and are not binding on Seller. All amounts due and payable to Seller shall be paid by Purchaser in accordance with the Provisions of this Agreement and in accordance with the day, date, and place for payment specified in the Invoice. In the event Seller is required by law or regulation to pay any such tax, duty, tariff or charge, such amount will be added to the purchase price or subsequently invoiced to the Purchaser. In the event Seller is required by law or regulation to deduct any such tax, duty, tariff or charge the Purchaser shall gross up any payment to the Seller.

11. Taxes. Purchaser agrees that any applicable sales, use, excise, VAT (value added tax), GST (goods and services tax), withholding and other similar taxes will be calculated based on both the tax rates in effect on the date of shipment and the ship to address for the Product. Any amounts for tax listed on a quotation, if any, are for reference purposes only and are not binding on Seller. All prices and other amounts payable to Seller hereunder are exclusive of and are payable without deduction for any taxes, customs duties, tariffs or charges hereafter claimed or imposed by any governmental authority upon the sale of Product, all of which will be paid by Purchaser. Due to the slower rate of updates to IVD Hardware, Purchaser acknowledges that Seller’s research use reagents and consumables may not be compatible with the IVD Hardware and IVD Software. Purchaser shall contact Seller’s technical support department prior to purchasing any Seller research use reagents and consumables for use with IVD Hardware and Software.
